SIX-DAY WALKING MATCH.

Remarkable Endurance by One of the Contestants, a Southern Negro.

Kansas City, Mo., March 2.—With W. A. Hoagland, of Auburn, N. Y., world champion pedestrian leading by a safe margin of five miles and Tom Slater, of Syracuse, N. Y., and H. O. Messler, of Milwaukee, fighting for second place, the contestants in the six-day walking match in convention hall, at noon Saturday, entered upon the last twelve hours of their journey. Of the sixteen men who started last Monday only seven remain. Of these probably the most popular with the crowds is J. E. Blake, a southern negro, who has displayed most remarkable power of endurance and determination both in his desire to enter the race and by his work in the past five days in the contest.

When Blake heard of the race to be held here he was in Florida but determined to compete. He walked from Tallahassee to Kansas City. The last day of his walk the negro was without food or funds.

He had no trainer as the other contestants, and none noticed him. During the first twelve hours of the race he walked without food and when the first day was over Blake slept in the hall. He uttered no complaint. The promoters soon discovered his story, however, and relieved him of his hunger. Blake started Saturday sixth in the race and probably will share in the money.

CALLED HER NAMES.

Jury Says Man Must Pay Woman Damages in Sum of $501.

St. Louis, Mo., March 2.—A woman who has been called "Old Hen" and an "Old Cat" by a man, has been damaged to the extent of $501, according to a jury in the circuit court here and judgement for that amount was entered Friday against Albert S. Block, a commission man, in favor of Miss Annie G. Kerone, bookkeeper for another commission firm.

Miss Kerone had filed suit for $20,000, charging slander. In court on Friday Block admitted he used the terms, but said he meant no disrespect to Miss Kerone. The jury gave Miss Kerone $1, actual damages, and $500 punitive damages on account of anguish of mind.

EXPLOSION IN MILL.

Six Men in Brooklyn Were Burned and Lacerated.

New York, March 2.—Six employees of the National Sulphur company's mill in Brooklyn were horribly burned and lacerated by an explosion of sulphur in the company's plant on Saturday morning.

A driver of a passing truck was hit and his skull was fractured by a section of the roof which was blown off the building.

The factory was destroyed by fire caused by the explosion with a loss of $100,000.

Another Protest from Veterans.

Dalton, Ga., March 2.—Joseph E. Johnson camp, United Confederate Veterans, of this city, have passed unanimously resolutions requesting their representatives and senator to do all in their power to have change made from the new system of quarterly payment of pensions. The veterans feel that if they are deserving of a pension at all it should be paid to them in one lump sum, instead of being doled out in dribblets.

Fire in Missouri Town.

Lexington, Mo., March 2.—Fire here early Saturday destroyed a building owned by E. J. McGraw and occupied by W. G. McCausland, dealer in dry goods; Crenshaw & Young, drugs, and the Masonic and Knights of Pythias halls. Probate Judge James P. Chiln and Horace S. Blackell, an attorney, lost valuable law libraries. Total loss estimated at $100,000.

Fowler Bill Reported.

Washington, March 2.—By a vote of 11 to 5, three members being present and not voting, the house committee on banking and currency Friday authorized its chairman, Representative Fowler, of New Jersey, to report to the house the Fowler currency bill with the recommendation that it pass.

DEADLOCK IS BROKEN

Bradley Wins In Kentucky Senatorial Race.

BY MARGIN OF FOUR VOTES

Former Republican Governor Chosen by the Legislature to Succeed James B. McCreary, Democrat—Received Four Democratic Votes.

Frankfort, Ky., March 2—Amid scenes of wildest excitement on the floor of the house of representatives, former Governor William O'Connell Bradley, the Republican candidate, was Friday elected to succeed

FORMER GOVERNOR BRADLEY.

James B. McCreary, in the United States senate for a term of six years, beginning March 4, 1909.

He received 64 votes, barely enough to win, and was enabled to gain victory through the assistance of four anti-Beckham democrats, senators H. S. McNutt and Albert Charlton, and Representative Chrys Mueller, of Louisville, and Representative E. W. Lillard, of Boyle county.

PRINCE FERDINAND MARRIES.

Affair Attracts Much Attention in German Court Circles.

Coburg, Germany, March 2.—Prince Ferdinand of Bulgaria and Eleanor Caroline Louise, princess of Reuss, were married here Friday. At the conclusion of the religious and the civil ceremony which followed it, the wedding party left here for Gera, the seat of the younger branch of the Reuss family.

Prince Ferdinand proceeded to the Catholic church, where the religious ceremony was held, some time in advance of the bridal party, and he remained alone in silent prayer until the princess and her escort entered the edifice. She was accompanied by Prince Henry XXIV of Reuss-Kostris, Prince Henry XVIII of Reuss and other relatives. After the exchange of rings, mass was celebrated and then the civil ceremony took place.

FIGHT WITH TRIBESMEN.

Four French Soldiers Killed and Twenty-Seven Wounded.

Casablanca, Morocco, March 2.—Without awaiting the arrival of reinforcements, which are on their way to assist him in his operations against the Moroccan tribesmen, General De Ameda, commanding the French forces, has assumed the offensive against the natives in the Chaouia region.

Several columns of French troops marched against the Madaghra tribesmen near Fidalhh, who fought the French a series of combats between February 16 and 18, when four French soldiers were killed and twenty-seven were wounded.

Texas Mob Hangs Negro.

Houston, Tex., March 2.—Charles Scott, a negro, aged 18 years, was found hanging to a tree at Conroe Friday. The negro's feet had a placard attached to them with the words, "Warning to negroes found prowling in white folks' houses," written on it. Scott had been arrested and placed under bond charged with an attempted assault on a Mrs. Alley. The mob did its work quietly, and nothing was known of the lynching until the body was found.

IN A FIT OF JEALOUSY

Man Kills Wife as She Was Fondling Their Baby.

New York, March 2.—In a fit of jealous rage, Gourage Guiseppe Aniello crept up behind his wife who was fondling their nine-months-old babe in their home in Elizabeth street Saturday and killed her almost instantly by firing a charge of shot from a heavy fowling gun into her body.

Following the shooting Aniello himself was so seriously beaten by the brother of the dead woman that it is believed he will die.

The brother, Joe Tuzza, has been sent to the house of detention, but the coroner said he may order his discharge, as he regards Tuzza's action as justifiable.

Aniello is forty-six years old, his wife was twenty-six. They had three children. Aniello was out of work for the past three months and the little family lived on the earnings of the wife, who worked in a sweat-shop. Her two brothers moved into her flat to board with the family and thus help to meet expenses.

SHIP CAPTAIN MURDERED.

Body Found on Water Front in New Orleans—Robbery the Motive.

New Orleans, March 2.—Captain F. Kemble, of New York, master of the Southern Pacific passenger steamer Antilles, was murdered here early on Saturday morning on the water front near his ship.

About 1:30 a. m. some of Captain Kemble's friends saw him passing through the French quarter of the city enroute to his steamer. Shortly afterward his body was found with the pockets of his clothing turned inside out. Death had apparently been caused by a blow on the head.

The police attributed the crime to thieves, a large number of whom have made winter quarters in this city and have been practicing bold hold-ups and other daring forms of robbery.

The Antilles runs between New York and New Orleans and has also made some trips from New Orleans to Havana, Cuba.

NEGROES CONFESS MURDER.

Details of the Killing of Mrs. Elisor Near Columbia, S. C.

Columbia, S. C., March 2—Ned and Brack Toland, negroes, aged 19 and 17 years, respectively, have made a full confession of the murder of Mrs. Paul W. Elisor, the aged white woman who lived just across the river from Columbia.

Brack, the youngest of the brothers, said that Mrs. Elisor suspected something as soon as they entered the house. When they got inside Brack held her while his brother knocked her on the head with an ax. They put her body in a basket and Ned hit her two more blows. They then proceeded to rob the house, taking a gun and a number of articles of wearing apparel. No money was found.

KILLED HER BABES.

Mother Takes Lives of Her Children and Then Suicides.

Baltimore, O., March 2—Mrs. J. C. Spires, wife of a farmer, living three miles west of Basil, Friday killed three of her children, fatally wounded a fourth, and then committed suicide.

One of the chilren was drowned in a well and the others were shot and their throats cut.

Mrs. Spires took carbolic acid, shot herself and cut her throat.

Fire Causes a Panic.

Chicago, March 2.—A fire which destroyed the plant of the Rubber Goods Manufacturing company at 762 West Lake street Friday drove about 25 young women employed in the place to the street in a panic. Several of them were overcome by smoke, but recovered in a short time. Loss is estimated at $30,000.

Chamberlain Goes to Riviera.

London, March 2—Joseph Chamberlain, accompanied by Mrs. Chamberlain, left London Friday for the Riviera. They will remain there for several months. Mr. Chamberlain's health continues to improve slowly.

3 BURNED, 1 MISSING

Game of Cards Results In Fatal Fire at Pittsburg, Pa.

A LAMP WAS OVERTURNED

This Set Fire to the Building and Card Players Fled Without Giving the Alarm to Inmates of the Boarding House.

Pittsburg, Pa., March 2.—One woman and two children were burned to death, the father is missing, two houses were destroyed and a third badly damaged by a fire that broke out on the second floor of 3110 Brereton avenue Saturday morning. The dead:

Mary Bauchauk, ten years of age.

Christine Bauchauk, four years old.

Mrs. James Bauchauk, mother of the children.

J. Bauchauk is missing.

The bodies of the woman and children were not found until the fire had been extinguished.

J. Bauchauk, the father, seeing the sleeping room filled with smoke, became excited and leaped from the second story window.

It is reported that he ran to the rear of the building in an effort to save his wife and children.

The house was a two-story frame, and was occupied on the first floor by John Kalinowsky, who conducted a butcher shop there. It is said that a number of friends of Bauchauk were engaged in a game of cards on the second floor, when, by accident a lamp was overturned.

Bauchauk, himself, was asleep when the fire started from the exploded lamp. The card players are said to have run from the building without giving the alarm to the other occupants of the house.

Bauchauk, almost suffocated by the smoke, was awakened. A policeman, noticing the flames issuing from the house, turned in an alarm. Before the engine reached the scene, the house at 3112, occupied by Joe Mossuck, had caught fire and was in a mass of flames.

Both houses were destroyed in less than an hour. The blaze also communicated to the home of John Fork at 1306 and did about $8,000 damage.

JAPS DEMAND APOLOGY.

Also Want Indemnity for Seizure of Vessel.

Tokio, March 2.—The Japanese government is maintaining a determined attitude concerning the seizure of the Tatsu Maru, and demands both an apology and an indemnity from the government of China.

The Chinese foreign office wants to submit the entire question to a mixed court. This is refused by the Japanese government unless the vessel has first been released and an apology made for an insult to the flag.

It appears that the Tatsu was regularly cleared from Kobe with a consignment of arms and ammunition for Macao. The Portuguese minister at Pekin supports the contention of Viscount Hayashi, the Japanese minister of foreign affairs, that the vessel was seized within Portuguese waters. It is thought here among officials that the Chinese will finally yield to Japan.

It is quite evident, however, that the Japanese will resort to force unless their demands are conceded within a reasonable time.

Pay Tax Under Protest.

Montgomery, Ala., March 2.—The railroad lines after conference agreed to pay the franchise tax under protest and then sue for its return, on the ground that it is not constitutional. The Western Union Telegraph company has refused to pay, desiring to fight it direct.

Better Car Service.

Montgomery, Ala., March 2.—The Montgomery Traction company will spend $100,000 in repairs to tracks, rebuilding a part of the lines and increasing equipment. New rails will be here by the middle of March.

FORMAL OPENING OF WINTER CHAUTAUQUA

Large Audience Gathered at First Exercises Monday Night.

ALL PRESENT WERE DELIGHTED

Short Address of Welcome by Dr. Strouse and Others, Followed by Grand Concert by Celebrated White Rose Orchestra—Today's Program.

The fifth annual session of the Florida Winter Chautauqua formally opened at the Tabernacle Monday night, and the first entertainment was attended by a large, representative and appreciative audience.

The exercises opened with a brief address of welcome by Dr. Clarence B. Strouse, Chautauqua president, and others, which was followed by a grand concert by the White Rose Concert Company, of Wheeling, W. Va. This concert company is a most remarkable one, being a family affair, composed of seven members of one family. They are all polished musicians, and have made a record on the Chautauqua platform throughout the United States.

All who attended the exercises Monday night were well pleased, and feel that they will secure full benefit from the excellent program which has been prepared throughout the Chautauqua.

Todsy's Program.

This morning at 9:30 Bible study, conducted by Dr. Gross Alexander of Nashville, Tenn., editor of The Southern Methodist Review, and author of several works of interest.

At 10:30 o'clock this morning there will be a school of health and domestic science, by Dr. Carolyn Geisel and assistant from the famous Battle Creek Sanitarium. The subjects will be as follows:

1. Sources and Uses of Starch for the Body.
2. Fruits, Their Value and Preservation.
3. Luncheon Dishes.
4. Foods for the Sick.

Lecture subjects:

1. Patent Medicines—Illustrated.
2. Accidents and Emergencies.
3. Tuberculosis—Its Cause and Cure.
4. Autointoxication—Why not?
5. How's Your Liver?

Beginning at 3 p. m., there will be a promenade concert by the White Rose Orchestra, followed by readings, making a full hour of superb entertainment.

At 8 o'clock the White Rose Orchestra will again appear, followed by a lecture, "Robert E. Lee," by Dr. Richard Wilkinson, Augusta, Ga.

NEWS OF CITY AND COUNTY CONDENSED

Ferd. Newberger of Savannah, one of the most widely-known and most popular traveling men on the road, is in the city. Mr. Newberger says he feels like he is at home when he comes to Gainesville, as he has many intimate friends here who are always glad to see him. He notes the growth of the city with a great deal of pleasure.

The Knights of Pythias in Gainesville last week celebrated the forty-fourth anniversary of the founding of the order with a grand banquet. The old town always gets out to a public function, speech or meeting. No wonder it is growing so fast, and landed the University in their great fight. Public spirit wins.—DeSoto County News.

A. H. King and son, Roswell, of Jacksonville, who have been here for the past three or four days visiting relatives and friends, returned to their home Sunday. Col. King, with a trio of friends, enjoyed a fine hunt at the close of the season, which was also a successful one, the party having succeeded in bagging a large number of quail and other game.

The statement which appeared in The Sun some days ago that Mr. Charlie Easterlin and Miss Lucille Turnipseed had been married at Dunnellon, was incorrect. The information was gleaned from The Dunnellon Advocate, and the last issue of that paper apologizes for the statement that the event would occur, the editor stating that he had been the victim of some "Smart Aleck."

I will have my spring and summer millinery display on Thursday and Friday, March 5 and 6, at which time I will be pleased to show the ladies the latest creations in fine millinery. Having personally selected the stock, I can assure my friends and customers of the handsomest line ever seen in Gainesville. Store will be open Thursday afternoon at 2 o'clock. Come and make your selection. Mrs. F. T. McCormick.

Mrs. Geo. W. Moyers, after a brief but pleasant visit to Mrs. H. H. McCreary in this city, left Sunday for Orlando, where she will be the guest of her son, K. H. Moyers, for the next few weeks. Mrs. Moyers has many friends here who will regret that her stay was of such short duration they were unable to see her. Mrs. McCreary wanted her to prolong her visit, but she was anxious to reach her son in the South Florida town.

BLUE WOMEN

Women should understand that melancholia, commonly called "the blues," is in nine times out of ten a sure symptom of some serious female organic derangement and should have immediate attention.

Women whose spirits are depressed, and who are ailing and miserable, should rely upon

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

as is evidenced by following letters.

Mrs. F. Ellsworth, of Mayville, N. Y., writes to Mrs. Pinkham:

"For three years I was in an awful despondent and nervous condition caused by female troubles. I was not contented anywhere, and was in such constant fear that something terrible was going to happen that it seemed as though I should lose my mind. Lydia E. Pinkham's Vegetable Compound has restored my health, and I cannot say enough for it."

Mrs. Mary J. Williams, of Bridgeport, Ill., writes to Mrs. Pinkham:

"I have been suffering from a female trouble, backache and headaches, and was so blue that I was simply in despair. I feel it my duty as well as my pleasure to tell you that Lydia E. Pinkham's Vegetable Compound cured me. The change in my appearance is wonderful, and I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it?

Alice Roosevelt's Wedding

Was something to be recorded in the annals of history. Herbine has been acknowledged the greatest of liver regulators. A positive cure for bilious headaches, constipation, chills and fever; and all liver complaints. J. C. Smith, Little Rock, Ark., writes: "Herbine is the greatest liver medicine known. Have used it for years. It does the work." Sold by W. M. Johnson.

Died at Daughter's Bedside.

Birmingham, Ala., March 2—Mrs. Sarah A. Gantner, of Rushville, Ind., dropped dead here Friday at the bedside of her sick daughter, Mrs. H. E. Haven. Mrs. Haven was stricken with appendicitis and her mother was sent for. The shock of seeing her daughter so ill was too much for her, and she succumbed to a heart attack.

TO CURE A COLD IN ONE DAY.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

ARTHUR L. GLASS TO SUCCEED J. B. CUTLER

As General Superintendent of the Tampa and Jacksonville Ry.

ASSUMED HIS DUTIES SUNDAY

Mr. Glass is Old Railroad Man of Broad Experience, Having at One Time Been Division Superintendent of Atlantic Coast Line.

Arthur L. Glass, one of the most widely-known of the younger railroad men in this section of the South, has assumed charge of the Tampa and Jacksonville railroad, succeeding J. B. Butler, who for the past year has been the general superintendent of the road.

Mr. Glass' appointment, over the signature of First Vice-President A. P. Stuckey, went into effect on the 1st inst., although the appointment was announced by circular letter on February 20th.

Mr. Cutler is an efficient railroad man, but, owing to the fact that he is largely interested in the ice manufacturing business in this State, resigned his position in order that he might devote more attention to his personal affairs.

There is no more widely-known railroad man in Florida than Mr. Glass, who succeeds Mr. Cutler. He has been connected with railroad life in Florida for the past fifteen years, during which time he worked himself up from the dispatcher's table to a division superintendency of the Atlantic Coast Line, which position he resigned a little more than a year ago to accept a position with the Tampa Northern, then building, and for which a great future was promised. The financial crisis came along, work was suspended on this great railroad project, when Mr. Glass severed his connection with the Tampa Northern and established an insurance business in Palatka. His fondness for railroading was too great, however, and he accepted the appointment of general superintendent of the Tampa and Jacksonville, to succeed Mr. Cutler.

Mr. Glass and family resided here for several years, and friends will be glad to welcome them back again.

MEN WANTED.

No Man Over 45 Need Apply.

There's the sign that's getting to be a common thing in America.

Corporations are retiring men at 50. They are not hiring anyone over 40.

A baldheaded man often looks 10 years older than he is.

A man with gray hair always does.

It is important nowadays that a man look as young as he is; it is vastly important that a man having a family dependent upon him should take care of his hair.

If you have dandruff—get rid of it by killing the germs.

If your hair is falling out—stop it.

If your hair is turning gray—don't waste any time.

There is one remedy that will cure these misfortunes and aid you to remain young.

Parisian Sage, the great French Hair Restorer, is guaranteed to permanently remove dandruff in two weeks, or your druggist will give you your money back.

Parisian Sage stops falling hair—it prevents the hair from turning gray.

It is the best beautifier for ladies' hair, as it makes harsh, lusterless hair fluffy, soft and beautiful, and is not sticky or greasy.

Parisian Sage is sold and rigidly guaranteed by W. M. Johnson. Price 50 cents a bottle. If you do not live near a druggist who sells Parisian Sage, send us 50 cents, stamps or silver, and we will send you a large bottle, charges prepaid. Giroux Mfg. Co., Buffalo, N. Y.

To Farm on Community Plan.

Pittsburg, Pa., March 2.—Five unemployed men with large families, left Friday for Portland, Tenn., where they will farm land on the community plan. Other families are preparing to go south and take up land on a similar plan.

SUNDAY BIG DAY AMONG CHURCHES

Three New Voices Greeted the Congregations Here That Day.

DR. LEY MADE A FINE TALK

Eminent Divine and Field Worker for Methodist College Entertained Large Congregation—Dr. Lambert Preached—Tabernacle at Night.

Sunday was a feast-day for churchgoers of Gainesville, as the day afforded almost a general change of program in the line of religious work, with the result that large numbers turned out to hear new preachers and voices.

At the First Methodist church, in the morning, Rev. John B. Ley, field agent of the Southern College, Florida's Methodist college, filled the pulpit, preaching on the subject of "Religious Education." As usual, his sermon was one of great interest, and commanded the closest attention of the large congregation which was present to greet him. Dr. Ley, who is an "old Alachua county boy," as he expresses it, is a most earnest, fluent talker, and never fails to interest his hearers. He was working in the interest of his college, and was quite successful in securing donations and subscriptions.

At the Baptist church in the morning Rev. W. R. Lambert, president of the Anti-Saloon League, filled the pulpit, the pastor, Rev. S. B. Rogers, being absent. Dr. Lambert is also a good speaker, and was greeted by a large congregation.

There were no services at the Methodist, Baptist or Presbyterian churches Sunday evening, owing to the services at the Tabernacle, which marked an informal opening of the Florida Winter Chautauqua. The congregations of these churches attended the Tabernacle services, where Dr. Gross Alexander of Nashville, editor of The Southern Review, author and preacher, and a man of eloquence, delivered a fine sermon on "The Bible as a Relation." For nearly an hour he entertained his hearers in a most interesting manner, which demonstrated the fact of his ability. Dr. Alexander will have charge of the Bible lectures during the Chautauqua, which will be held in the morning at 9:30 o'clock, and to which no admission will be charged.

THE CHAPMAN LECTURE.

Will Occur at High School Auditorium This Evening.

The Gainesville public is to enjoy tonight a most unusual privilege in hearing Mr. Frank Chapman's lecture on the Birds of Florida and the Bahamas. The two following quotations from The Washington Star and The Boston Transcript will show what class of institutions are demanding his services, and what sort of appreciation he meets in the highest scientific and educational circles in Northern cities:

"'The Pelicans of America' was the subject of an illustrated lecture given by Frank M. Chapman of the American Museum of Natural History before the members of the National Geographic Society last night. This lecture is conceded to have been one of the most interesting given before the society this winter, not only because of the great interest in the subject, but because of Mr. Chapman's genuine enthusiasm, and because of the many wonderful bird pictures used to illustrate his lecture."

And from The Boston Transcript: "In his lecture with his innumerable beautiful illustrations, he charms all hearers and interests even those who have never before given a thought to the subject. In his lectures before the Lowell Institute the large hall was filled to the doors by enthusiastic listeners, and there are very many again anxious to hear him on this fascinating subject."

He will lecture tonight at 8 o'clock, at the high school auditorium. High school pupils from the seventh grade up will be admitted free. The general admission fee will be 50 cents. Tickets may be purchased at Miller's.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

Death of Mrs. Paulina Brown.

News was received in Savannah yesterday of the sudden death of Mrs. Paulina Brown at the home of her daughter in Tampa Sunday morning. Mrs. Brown was recovering from an attack of lagrippe and her death was unexpected. She was the widow of Mr. Tobias Brown, a former merchant of Savannah.

Mrs. Brown was born in Neinstadt an de Warte, Germany, and was 71 years of age. She was for years a resident of Savannah and had a large circle of friends. She is survived by three sons, Messrs. B. A. Brown of Tampa, Max T. Brown of Savannah and J. T. Brown of Atlanta; and two daughters, Mrs. Hannah Brown of Savannah and Mrs. H. Glogowski of Tampa, thirteen grandchildren and two great-grandchildren.—Savannah News.

Mrs. Brown was for many years a resident of Gainesville and her numerous friends here will learn of her death with deep regret. The remains will be interred in Savannah.

Negro Hanged at Darien, Ga.

Darien, Ga., March 2.—Lee Holmes, a negro murderer of Dr. E. A. Sands, of Glennville, paid the death penalty Friday for the crime. He made no statement. After praying five minutes, the black cap was adjusted by Sheriff Bailey and the trap sprung. Death ensued in about twelve minutes.

Any skin itching is a temper-tester. The more you scratch the worse it itches. Doan's Ointment cures piles, eczema—any skin itching. At all drug stores.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5.0 year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Hetty Green never even took the trouble to deny the denials.

Make a "seeing-the city" trip in answering some ads. that interest you.

If you desire to get into the race for a county office send ten dollars to The Sun and have your announcement go forth to the public.

Laird Carnegie and Brother Rockefeller advise the people to save their money. But the trouble is that it is a mighty hard job to get enough to save.

A contemporary declares that Tom Lawson is trying to break into politics. Either this is a confession of somnolence or a mighty mean slam at Tom's long-continued activity.

Goethe wrote: "Judgment is difficult; opportunity is transient;" reflecting the mood of the non-accustomed ad. reader, who does not "know" bargains by the old ad. reader's sixth sense.

Hon. J. C. Compton of Lake county, who announced his candidacy for State Superintendent of Schools, has been advised by his physician, owing to the condition of his health, not to make the race.

A contemporary with a very restricted view talks about the defeats of Owen Wister and Winston Churchill as evidence of the futility of authors in politics. How about the present occupant of the White House? Don't he make up for a good many other literary failures?

Kentucky will be represented in the United States Senate for six years beginning March 4th, 1909, by W. O. Bradley, Republican, the latter having been elected by the aid of four Democrats. Just how a Democratic member of the Legislature could so stultify himself as to vote for Bradley is more than we can understand.

Capt. W. J. Tucker of Fort Pierce, who is a veteran of the Civil War, and who draws a pension under the blanket pension law passed by the recent Legislature, has donated his pension to the home for old soldiers in Jacksonville. Captain Tucker does not need the pension, having a sufficient income for his needs, and this generosity on his part shows that his heart beats with the right number of thumps per minute.—DeLand News.

Almost every observant newspaper editor in the State of Florida has doubtless recognized the fact that one of the truly remarkable men of Florida is Dr. Lincoln Hulley, president of Stetson University. A great responsibility rests upon him, and he is carrying it in the most admirable manner. Details of opposing circumstances that confront him and of his successful efforts to discharge his duties, are familiar to newspaper people who refrain from discussing them for the simple reason that it is "none of their business;" nevertheless, they cannot help admiring and sympathizing with the man who devotes himself so earnestly, unceasingly and unwearyingly to his great work.—Punta Gorda Herald.

ALACHUA'S MANY PRIZES.

True to its long-time reputation for productiveness of soil and the energy and skill of its citizens, Alachua county received the prize at the great State Fair as being the champion county of Middle Florida. And Alachua gained more than that. It received special prizes as having made the best exhibit of agricultural products, the largest and best display of cotton and the largest and best display of poultry.

Furthermore, individual prizes were won by N. A. Callison, for the largest and best exhibit of live stock with the largest number and variety of entries in the different classes; by J. W. Tench, for the largest and best display of poultry and the finest exhibit of cotton; and by James Chesnut, for the best bale of hay made of the humble beggar weed.

Major Tench, the courteous commissioner for the county, proud of his home and of its magnificent showing, is worthy of all praise for his splendid arrangement and supervision of Alachua's exhibit. It is to such men as he that the State of Florida owes the place it is fast assuming as the one unequalled garden spot of America—a name that means not only honor and fame, but a plentiful flow of gold into the coffers of the people.

And of what vast significance is the fact that this great middle county of the State has presented to the eyes of the thousands of visitors to the fair a prize-winning exhibit of cotton, the king of all the crops of the South—the soft, fleecy staple that clothes the world and will be worth anywhere from $700,000,000 to $900,000,000 to this section for the output of 1908. To excel in its production is a matter worthy of qualified pride and joy, and the people of the whole State will join in praising Alachua for the honor it has achieved.

The people of Florida can do no better thing than turn their attention to the breeding of high-grade live stock. The thoroughbred should be introduced in every suitable section; for it has been clearly demonstrated by actual experiment that live stock of every description flourish in our congenial climate while feeding upon the healthful pasturage our fertile soil produces in such lavish abundance. That Alachua has been again in the van in exhibiting such admirable specimens of Florida-bred live stock is another feature in its already well-ornamented cap—and a very large and and conspicuous one. Mr. Callison deserves much honor for having done his county proud in this exhibit and should receive constant and enthusiastic encouragement in the splendid work he is performing.

Much praise is also due to J. W. Tench, who showed what splendid poultry can be raised in the State, and to James Chesnut for the fine sample of hay he presented. The former is engaged in raising one of the most palatable and delicate of all meats that satisfy the appetite of fastidious men, while the latter is producing a rich food for the sustenance of cattle—the importance of breeding which in Florida we have already alluded to.—Tampa Tribune.

When the morning bell of Sacred Heart Catholic church failed to ring at 5 o'clock Wednesday morning, priests, investigating, found Father Joseph Launda, who had attended to this duty every morning for twenty years, dead in his room. The dead man was a native of Spain, and was 57 years old.—St. Augustine Record.

There are 126 pupils in the first grade of the Lakeland public school for whites, and The Lakeland News says the house is so crowded that no more applicants can be received for that grade.

How's This?

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

THE MAN AND HIS JOB

By Herbert J. Hapgood.

Don't wait to be told. Act on your own initiative, and make of yourself a being distinct and self-reliant.

When a thing is to be done, do it. Don't wait for the next man, but you yourself perform the act, accomplish the result and receive the credit.

Many men of ability are content to carry out the orders of others, and it is only when the unexpected happens that they are forced to be independent and made to stand on their own originality. "I attribute my start in life to one day when my boss went to the circus," said a successful merchant. "He left explicit instructions regarding every detail of the business. My opportunity arrived, however, when the building next door caught fire, and I had to direct the work of protecting our goods. The boss had never told me what to do in case of fire, and for the first time in my life I had to act on my own initiative."

It takes a good man to execute another's plans, but the man who makes his own plans is a genius.

Be original! If envy is ignorance, then imitation is suicide, and the man who waits to be told what to do next will never be in a position to direct the work of others.

Depend neither on your employer nor on your fellow-employe to solve the problems arising in every-day business. Better make a break than not make anything.

Trust yourself, and don't be a coward, pinched in the corner of stagnant conservatism.

Something you have for something you want and the "fee" for the trade is the cost of a want ad.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

SHORT STATE ITEMS

Abe Mitchum of Alaqua was killed last Tuesday by a kick from his horse.

A larger area than usual of watermelons will be planted around Kissimmee this year.

The deal has been closed for certain lands near Plant City for the establishment of a large phosphate plant.

Ten thousand quarts of strawberries were shipped frome Lakeland last week, the average price being 22 cents per quart.

The Cosmopolitan Bank and Trust Company will soon advertise for bids for the erection of a handsome bank building in Tampa.

The Bartow Methodists have subscribed $1,800, the full amount of their assessment for the $110,000 endowment for Southern College at Sutherland.

Miss Lula Sparkman, a daughter of Rev. T. J. Sparkman of Lakeland, is under a course of training preparatory to going as a missionary to the foreign fields.

The Dunnellon Phosphate Co. will sow three thousand acres in long leaf pine seed. The land is in Citrus and Marion counties, and every pine tree has been cut.

A large canning factory is to be built and operated at Starke. It is expected that the plant will be ready for business before the fruit and berry season is over.

A colored man was found dead on the beach of Judge Farr's farm on Snead's Island, near Bradentown, last Sunday week. The jury returned a verdict of death by drowning.

The three-year-old son of S. S. Griffin, at Griffin, last week got hold of a bottle of carbolic acid and swallowed two teaspoonfuls, and but for the timely services of a doctor would have died.

While using a patent gasoline sadiron at her home in Orlando, last Tuesday afternoon, Mrs. C. E. Spier was seriously if not fatally burned by an explosion of the reservoir on the apparatus. Dr. Person was summoned and is doing everything possible to alleviate the sufferings of Mrs. Spier.

Mrs. G. T. Fleming of Fredonia, N. Y., has purchased property at Lakeland for a winter home, and expects to establish a factory there for the manufacture of rugs. Good for Lakeland and Florida.

The Fort Myers Breeze says that the seawall proposition is quietly taking form, and is by no means an uncertainty. That will be a great improvement for already one of the prettiest little cities in the State.

Fifteen lashes, to be applied by his mother, was the penalty imposed by Mayor Wyman on a colored urchin for stealing a tricycle on last Monday. The mother was present and executed the sentence with vigor, in the presence of his honor and several small boys whose curiosity led them to desire seeing a real whipping administered to one of their number.—Manatee Journal.

MELROSE NEWS NOTES.

Melrose, Feb. 29.—The Melrose people had quite a social time during the past week. On the 19th Mr. and Mrs. J. A. Remmel entertained a large number of guests to celebrate their wedding anniversary, the evening being most pleasantly spent with games and dancing.

On Friday night the Ladies' Literary and Debating Society gave a social evening, which was very enjoyable as usual, everyone present contributing a story, a song or a piano solo toward the success of the evening.

But the event of the week was the George Washington party at Bayview on Saturday night.

The pretty Japanese lanterns with which the grounds and porches were illuminated, showed from afar off that some festivity was in prospect. The receiving party, Mrs. O. J. Waters, Mrs. J. A. Waters, Miss McLane and Miss Baily, had their hair powdered, and wore gowns of the colonial period, also the black face patches, customary at that time, which were very becoming. Several of the guests were also dressed in colonial style.

The large room in which the guests assembled was most effectively decorated with numerous silk flags and flowers, amongst which a cherry tree was prominent. Some new and lively games were played, the winners receiving pretty prizes suitable to the day.

While the fine refreshments were being served, Mr. Eck caused much merriment by reading out the rhymed invitations.

The most happy evening was brought to an appropriate close at a late hour by the singing of patriotic songs and the distribution of souvenir hatchets and flags.

Mr. and Mrs. J. W. Johnson and Miss Nettie Huffman left Monday for their Ockalwaha trip.

Lee Goodson, deputy sheriff at Palatka, was in town yesterday on official business.

Mr. and Mrs. W. Wall, Putnam Hall, were the guests of Mrs. O. C. Husband on Sunday.

Mrs. W. S. M. Caldwell entertained eight of her friends to a New England supper on Monday night, followed by a social game of cards.

SANTA FE NEWS.

Santa Fe, March 2.—The farmers in part are still holding their cotton and are not discouraged, but are bending their energies preparing their land for another crop. Judging by the amount of cotton fertilizer that is being delivered at this place the crop will be as large as last year. Let us hope that the seasons will be favorable and that the farmers may find their profit in the quantity of good things produced and not have to rely altogether for favorable returns or high prices.

S. L. Crews, one of our leading farmers, who was forty-four years old on the 29th ult., celebrated his eleventh birthday. His birthday comes every four years—Leap year.

Mrs. W. R. McGregor, after a short visit to Live Oak, has returned. Her many friends welcome her back.

E. L. Blitch, the jolly postmaster and merchant here, has returned from Tampa. He attended the convention of postmasters there and reports a good meeting.

We are glad to see our honored citizen, Ivin Holder out again, after a prolonged attack of lagrippe.

A masked party was given at the home of Hon. T. A. Doke last week, which proved to be not only a success but was enjoyed by all lovers of good music, after which refreshments were served.

Mrs. W. M. Blitch, who has been visiting in the University City, the guest of her daughter, Mrs. J. M. Rivers, for the past week, has returned home.

The farmers as a rule are too busy to talk politics here yet, and seem to take but little interest. They think that this year will turn out one of the largest crops of candidates of any past year.

Endorses Salomon.

Chipley, Fla., Feb. 21, 1906.

To The Evening News, Pensacola:

The people's friend and candidate for Railroad Commissioner, Julius Salomon, was in our little city a few days ago shaking hands with his many friends. Uncle Jule, as we call him, is too well known to be commented upon, but this section knows that he is the right man for commissioner and he will doubtless go solid from this entire section. If ever a man had experience and observation from traveling, besides the well-balanced faculty in the way and knowing what would be equality and justice to all, it is Uncle Jule Salomon, and as to politics he stands unquestioned as a most staunch Democrat. Yours truly,

J. K. PETERS.

Bomb Kills Two Laborers.

Teheran, March 2.—A bomb exploded in a side street of this city at an early hour Saturday morning and killed two laborers. The occurrence created some local excitement but there was nothing to show any connection with the attempt made Friday afternoon on the life of the shah. A deputation from parliament proceeded to the palace Saturday morning and congratulated the shah on his escape from death.

"I have been somewhat costive, but Doan's Regulets gave just the results desired. They act mildly and regulate the bowels perfectly."—George H. Krause, 806 Walnut Ave., Altoona, Pa.

For Nervous, Over-worked and "Run Down" Women

Women in an exhausted, nervous state, due to over-work, continuous social functions or a general "run down" condition of health, often wonder why tonics and emulsions fail to benefit them. The reason is plain. Tonics and emulsions are good in their place, but they cannot build up the body until the *nerves* have been toned and quieted.

There's only *one* remedy that can restore health to women in this exhausted, nervous condition, because it acts directly upon the nerves.

Rexall Americanitis Elixir

is the only remedy of its kind in existence. As its name implies, it's a specific for the peculiar exhausted nervous conditions resulting from the continuous rush and tension under which Americans live. This remedy fills an important gap in the line of medicines.

Rexall Americanitis supplies to the body just those elements which Nature cannot supply in sufficient quantities to meet the unnatural drain upon the nervous system.

Phosphorus in soluble form is the basis of this splendid nerve food. Thousands of women have been saved from nervous prostration by the prompt use of Rexall Americanitis. To all conditions of nervous derangement, exhaustion and debility it brings permanent relief.

The Story of Rexall

REX means "king," and the combination makes REXALL "king of all."

We have proven time and time again that Rexall Remedies are kings above all others.

For more than two years an expert travelled all over the world in search of extraordinary remedies. Whenever he heard of a wonderful cure of any nature he did not rest until he personally could see the effect of the prescription used. Where he found the remedy perfect he purchased the prescription, but it was never used as a Rexall remedy until the properties had been thoroughly analyzed by the chemists and physicians of the United Drug Company.

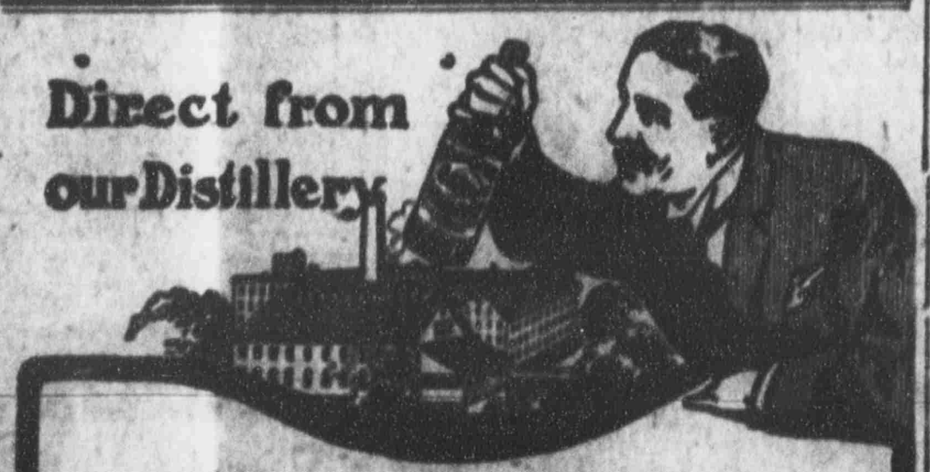
WAS DELIRIOUS WITH ECZEMA

On Chest, Back, and Head—Pain, Heat, and Tingling Were Excruciating—Nerves in Exhausted Condition—Sleep Badly Broken.

CURE BY CUTICURA SEEMED LIKE MAGIC

"Words cannot express the gratitude I feel for what Cuticura Remedies have done for my daughter, Adelaide. She is fifteen years of age, and had never had anything the matter with her skin until four months ago, when an eruption broke out on her chest. The first symptom was a redness, and then followed blistering and blisters, which would break and run matter. I took her to a doctor, and he pronounced it to be eczema of a very bad form. He treated her, but instead of being checked, the disease spread. It showed itself on her back, and then quickly spread upwards until the whole of her head was affected, and all her hair had to be cut off. The pain she suffered was excruciating, and what with that and the heat and tingling her life was almost unbearable. She became run down in health, and at times was very feverish, languid, and drowsy, and occasionally she was delirious. Her nerves were in such a low state that she could not bear to be left alone. In spite of the cold weather she would insist on having her bedroom window open, and would lean out on the window-sill. She did not have a proper hour's sleep for many nights. The second doctor we tried affected her just as little relief as the first, and I really do not know what we should have done if we had not read how Cuticura cured a similar case. I purchased Cuticura Soap, Cuticura Ointment, and Cuticura Pills, and before the Ointment was three-quarters finished every trace of the disease was gone. It really seemed like magic. Her hair is coming on nicely, and I still apply the Cuticura Ointment as I find it increases the growth wonderfully. Mrs. T. W. Hyde, 1, Ongar Place, Brentwood, Essex, England, Mar. 8, 1905."

Direct from our Distillery



Finest Old Whiskies

GOOD WHISKEY—that is, one distilled from the combination of carefully selected grain and pure water, is invaluable as a tonic and an excellent, invigorating beverage.

For many years we have been distillers—aged our whiskies in our own warehouses, and insisted that they reach the customer in "Original Packages" accompanied by our unqualified guarantee.

Both the medicinal and food values of the Corn and Rye is concentrated in our Whiskies. They are absolutely pure—smooth and mellow with age, and have always given genuine satisfaction. Thousands of pleased customers can attest to this fact.

MADE FIRE IN JAIL; WAS BADLY BURNED

Misfortune of a Negro Prisoner in Jail at Alachua Sunday.

RESCUED WITH DIFFICULTY

It Became Necessary to Break the Door of the Prison, When the Man Was Taken Out Badly Roasted—Is Now in Alachua County Jail.

As the result of a fire, which Charles Thomas, a colored man who was in jail at Alachua on the charge of breaking and entering, kindled to make him comfortable in prison, the negro was brought to this city Monday by Deputy Sheriff M. Marcionny badly burned about the head, neck and hands, and the town jail at Alachua is a total loss, with nothing but charred ruins to tell that a building ever existed there.

According to the story of Officer Marcionny, the negro is by no means a bad character, and it is not believed that he set the jail in order to take chances of burning his way to freedom. He told those who rescued him by knocking in the door, after the building was too far gone to save it, that he felt cold, and that he had built the fire in order to make himself comfortable. He was the only prisoner in the jail at the time, and when taken from the place was badly scared.

Thomas is now in the Alachua county jail, where he still has the charge of breaking and entering hanging over him. Officer Marcionny does not look upon the matter seriously, as he declares, from what he can learn, that the negro was only taking his share of a lot of corn which he was under the impression justly belonged to him, having farmed on "shares" with his step-father. It appears that his step-father's corn was attached by law, without reference to that of his own, which was in the same barn, and it was while trying to rescue his own property that he was arrested by complaint of parties interested in same, which had been affected by the action in law.

Almost Arrested for Abusing a Doll.

A very amusing incident happened in one of the cities which the Corinne-Runkel Stock Co., which comes to this city on February 27, were playing a few weeks ago.

Miss Runkel, the leading lady, was presented with a life-sized doll by a little girl who begged her to take care of it always. So Miss Runkel decided to carry it in her arms as she traveled from one city to another. But on her first journey she was encumbered by so many other things that one of the gentlemen of the company offered to assist her in taking care of the doll. Miss Runkel thought it was a joke, never thinking he would. But she was mistaken, for without any further ado he picked up the doll and got off the train. Not being accustomed to carrying dolls he picked it up by the feet and let its head drag along the sidewalk. As he walked on he noticed a crowd following him and as his walk progressed he saw the crowd growing larger and presently noticed a policeman join them. Stopping to see what it was all about the policeman tapped him on the shoulder and said:

"You are my prisoner."

"What for?" he asked, amazed.

"For abusing that there baby, and ain't you ashamed of yourself?" At last he understood. They had mistaken the doll for a baby. Explanations followed, after which a good hearty laugh was enjoyed by all and the actor was allowed to proceed on his way to the theater.—Valdosta (Ga.) Daily Times.

This popular aggregation of theatrical artists will appear at the opera house, Gainesville, for three nights, beginning Thursday, March 5.

Many interesting specialties between the acts, and during the action of the play.

Popular prices will prevail.

READS LIKE A ROMANCE

Experience of Syracuse Man.

Mr. Wm. L. Brown of Syracuse, N. Y., says: "Four years ago I contracted a severe lung trouble.

"Doctors in Fexton Hospital, Utica, gave me up—said no hope. I continued to fail until I only weighed 68 pounds. They sent me home from the hospital saying they could do nothing for me.

"Later I saw Vinol advertised, and immediately began taking it. I improved after the first bottle, so continued its use for three months. Today I weigh 157 pounds and am well and healthy. I really believe Vinol saved my life."

The reason Vinol accomplishes such surprising results is because Vinol is a combination of the curative elements of two world-famed tonics—cod liver oil and peptonate-of-iron—but shorn of all useless oil of grease.

Vinol is made by a scientific, extractive and concentrating process from fresh cods' livers, combining with peptonate-of-iron all the medicinal-healing, body-building elements of cod liver oil, but no oil to upset the stomach and retard its work.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled.

We ask Gainesville people to try it on our offer to return their money if it fails to give satisfaction.—W. M. Johnson, Druggist, Gainesville, Fla.

STRIKE IS IMMINENT.

Denver and Rio Grande System Not To Recognize Unions.

Denver, Colo., March 2—The News says that after a short conference on Friday with General Manager Ridgeway, of the Denver and Rio Grande system, a committee of the machinists employed by the system was informed that the company will abrogate its contract after March 3 and after that date will not recognize the machinists', blacksmiths', car repairers' orboiler makers' unions.

The committee will submit the question immediately to a referendum vote of all the employees belonging to those unions who are employed on the Gould roads.

The Denver and Rio Grande, and Rio Grande Western alone employ 350 machinists. It is claimed the men will not submit to the plan of the railroad, and that a general strike on all the Gould roads, excepting the International and Great Northern, is imminent. The machinists say the action of the company in working its employees only a few hours a day is unnecessary.

The company also announces that there will be a reduction of wages paid telegraph operators.

CATARRH IS CURABLE.

Successful Experiments in Abating and Curing This Disease.

Catarrh is an entirely unnecessary disease and should not be tolerated for a single day now that Hyomei is so generally known and has made so many cures in Gainesville and other towns.

Modern science has disproved the old theory that catarrh was a blood disease. It is a germ trouble, and the remedy is Hyomei, which medicates the air you breathe, killing all catarrhal germs.

As there is life and health in the air of the pine forests, filled with fragrant and healing balsams, so there is life and health in breathing Hyomei.

So sure is this prescription to cure even the worst cases of catarrh, that J. W. McCollum & Co. sell it under an absolute guarantee to refund the money if it does not do all that is claimed for it.

Manila Preparing Carnival.

San Francisco, Cal., March 2.—Among the passengers who arrived here Friday on the steamer Siberia was Major B. B. Ray, of the pay corps, U. S. A., who has been stationed at Manila for two years. When the major left the Philippines Manila was preparing for a big carnival under the patronage and direction of Governor General Smith and Major General Leonard Wood, who designed it to bring together the leading people of the different islands—white and brown.

Listen

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

Real Daughter of Revolution.

Lancaster, Pa., March 2.—Mrs. Lydia A. White, aged eighty, a real daughter of the American revolution, and the youngest of them all, is dead. She was a native and lifelong resident of this city. Her father was George Leonard, who served in the revolution under George Washington, and participated in the battles of Brandywine, Princeton and Germantown.

Cleared of Murder Charge.

Montgomery, Ala., March 2.—After a sensational trial at Centerville, Frank Sterrett was cleared of the charge of murdering Miss Pitts, who was killed by a knife wound some months ago at Belle Ellen. The girl was stabbed in the breast and Sterrett, who had been paying her attention, was charged with the crime. All are members of leading families.

A Baby

Should be sunshine in the home, and will be if you give it White's Cream Vermifuge, the greatest worm medicine ever offered to suffering humanity. This remedy is becoming the permanent fixture of well regulated households. A mother, with children, can't get along without a bottle of White's Cream Vermifuge in the house. It is the purest and best medicine that money can buy. Sold by W. M. Johnson.

MONTHLY MISERY

is one of woman's worst afflictions. It always leaves you weaker, and is sure to shorten your life and make your beauty fade. To stop pain take Wine of Cardui and it will help to relieve your misery, regulate your functions, make you well, beautiful and strong. It is a reliable remedy for dragging down pains, backache, headache, nervousness, irritability, sleeplessness, dizziness, fainting spells, and similar troubles. A safe and efficient medicine for all women's pains and sickness.

Mrs. J. L. Broadhead of Clanton, Ala. writes; "I have used Cardui for my disease, which was one peculiar to women, and it has completely cured me."

OVER TWO THOUSAND VISITORS A DAY

Cooper Explains Reason for Remarkable Average of Boston Callers.

During I. T. Cooper's recent stay in Boston, it is estimated that sixty-five thousand people talked with him and purchased his medicine. This is an average of over two thousand a day.

His success was so phenomenal as to cause universal comment both by the public and the press. There must be a reason for this. Here is the reason given in his own words by Mr. Cooper when interviewed on the subject. He said:

"The immense numbers of people who are calling on me here in Boston is not unusual, I have had the same experience for the past two years wherever I have gone. The reason is a simple one. It is because my medicine puts the stomach in good condition. This does not sound unusual, but it is in fact the key to health. The stomach is the very foundation of life. I attribute 90 per cent. of all sickness directly to the stomach.

"Neither animals nor men can remain well with a poor digestive apparatus. Few can be sick with a digestion in perfect condition. As a matter of fact, most men and women today are half-sick. It is because too much food and too little exercise have gradually forced the stomach into a half-sick condition. My medicine gets the stomach back where it was, and that is all that is necessary."

Among Boston people who are staunch believers in Mr. Cooper's theory, is Mr. Frank D. Brown, of 57 Bloomingdale street, Chelsea, Mass. He says:

"For five years I have sought relief for indigestion, stomach trouble and dyspepsia, spending nearly all my wages with doctors and obtaining no results. I had dull pains across my back, radiating to the shoulders. I had splitting headaches, which nothing seemed to cure. There was a gnawing and rumbling in my stomach and bowels. I was troubled with vertigo and dizziness, and at times almost overcome by drowsiness.

"I felt tired and worn out all the time, my sleep was not refreshing, and I would get up in the morning feeling as weary as when I went to bed. My appetite was variable—ravenous at times, then again nauseated at the sight of food. Sometimes my face was pale, at other times flushed. I was constipated and bilious, and had catarrhal affection in nose and throat, which caused me to hawk and spit a great deal, especially in the morning. I heard so much of the Cooper remedies that I decided to try them. After taking one bottle, a tapeworm 50 feet long passed from my system. I felt better almost immediately. All my troubles disappeared as if by magic, and my improvement was rapid. I now feel entirely well, and can honestly recommend Mr. Cooper's medicine to anyone who suffers as I did."

We sell the Cooper medicines which give universal satisfaction. —J. W. McCollum & Co.

Sewerage for Vicksburg.

New Orleans, March 2.—A special to the Picayune from Vicksburg, Miss., says that this city, over a century old and famed in story and song, is at last to have a sewerage system, and $250,000 bonds will be issued to raise the funds for construction. Engineers from New York and from Jackson, Miss., are now here conferring with the city authorities about the work. On account of the hills on which the city is built the sewerage presents a difficult engineering problem.

THE ROAD WORK IS NOW BEING PUSHED

Supervisor Emerson is Making Fine Progress on Roads.

NINE MILES NOW GRADED

The Majority of Which is Properly Paved With Good Material—At Present Rate, Alachua May Boast Soon as Occupying Front Position.

At the present rate of road-building, especially in the direction towards Newberry, it will not be long before Alachua county, which seven or eight years ago could not boast of ten miles of hard road in the entire county, will enjoy the distinction of occupying a position in the lead when it comes to good roads. For the past four or five years the county, imbued with a new spirit along these lines, has been busy, with the result that several miles of hard road lead out of Gainesville in every direction, and the good work still goes on.

The latest venture in road-building is the new road towards Newberry, now under course of construction. Supervisor J. R. Emerson, with a large force of men and teams, has been busily engaged for the past few weeks, with the result that he has about nine miles graded now, nearly all of which has been clayed, and will be in good condition as soon as it is packed by usage. This road follows a new right-of-way from Hogtown creek west, which evades the highest hills and shortens the distance between Gainesville and Newberry a little more than a mile, thus affording two marked advantages.

There is the old adage that Rome was not built in a day. Neither can roads be constructed in a day. Road-building is a slow and tedious task, but a task that will last when accomplished, and in the course of time no county in the State can boast of better roads or more of them than Alachua. All that is needed for the accomplishment of this is time—and the commissioners are making the best time they can under the circumstances and conditions.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

BRIEF DISPATCHES.

Twelve six-inch guns intended for the fortifications at Manila were shipped from New York on the British steamer Inversk for Manila.

The third torpedo flotilla on its way from Hampton Roads to Mobile, put in Port Royal, S. C., on account of the stormy weather Saturday.

A senate committee has ordered a favorable report on the Lodge bill to remove the coastwise shipping restrictions from Philippine trade between the islands and the ports of the United States.

King Inspects Excavations.

Rome, March 2—King Victor Emanuel Friday morning went to the Forum and inspected the new excavations begun last Saturday under the direction of Giacomo Boni. The king expressed admiration of the remains of the ancient temple of Jupiter, under the arch of Titus, the foundation of which tradition ascribes to Romulus. He congratulated Signor Boni for his important discoveries.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

J. S. Bodiford & Co., Special Agents.

WOMEN WHO SUFFER FROM

Sick Headache

SHOULD USE

HERBINE

For Permanent Relief

HERBINE acts directly on the Liver. It will cure CONSTIPATION, DYSPEPSIA, MALARIA AND CHILLS. Is entirely free from all poisonous mineral substances, and is composed solely of LIFE-GIVING HERBS. Especially adapted for weak and weary constitutions: strengthens the weakened glands and organs: it checks all derangements of the human body.

CURED HER SICK HEADACHE

Mrs. Josie Cameron, Centralia Avenue, Temple, Texas, writes: "I find HERBINE gives me quick relief, and take pleasure in recommending it to all women who suffer from sick headache."

SOLD AND RECOMMENDED BY

W. M. JOHNSON

In Memorium.

Mr. Geo. Edwin Chisman, of Irvine, Fla., died at the home of his parents, Mr. and Mrs. C. H. Crisman, Micanopy, at 8:30 o'clock Thursday evening, February 6, after an illness of two weeks with appendicitis and pneumonia. Deceased was 25 years of age.

The funeral was held at the Methodist church, 3 o'clock Friday afternoon. Rev. H. T. Sistrunk, pastor of the Methodist church, and Rev. G. B. Thrasher, pastor of the Baptist church, officiated. The funeral was well attended, as a last mark of respect.

George was a member of the Methodist Church for thirteen years, and always loved to attend. During his illness he was a great sufferer, but the Lord did not forsake him. His cheerfulness in affliction proved that his trust was in Him, who maketh the clouds his chariot.

He talked beautifully of the Heavenly home. He said, "The Lord is my shepherd, I shall not want. His mind was clear almost to the very last, and all fear of death was taken away. Only a few day before he died, he said all was right. He always wanted scripture read to him and prayers offered.

George was good in every respect to his father and mother. He was popular and loved by many friends. Besides, he leaves a wife and two sweet little children, father, mother, brother and sister to mourn their sad loss. He was the youngest of the three children, and first to go, but we know where to find him.

May our Father's tender love comfort them all with bright hopes of a happy meeting over yonder.

"Blessed are the pure in heart, for they shall see God."

Great Increase in Tax Values.

Columbus, Ga., March 2.—The city tax assessors have completed their work, and their report shows that there is an increase in tax values in the city of Columbus of $200,000 in round numbers. This does not include the personal property. The improvements made in this city during the past year are valued at $150,000. Assessments last year were the highest in the history of the city of Columbus, and the fact that they are not only sustained, but show an increase this year, illustrates the solid foundation on which property values in the city of Columbus are based.

Don't Complain.

If your chest pains and you are unable to sleep because of a cough, buy a bottle of Ballard's Horehound Syrup and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J——, Galveston, Tex., writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1903. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

CHAS. PINKOSON

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1903. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am, Very truly,

BEN T. ARNOW.

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order.

C. L. KITE.

OBSTINATE ULCERS

MAY LEAD TO CANCER

There is no difference, at first, in the appearance of a cancerous and a common ulcer, and for this reason every sore that is obstinate or slow in healing should excite suspicion, for the sore is nothing more than the external evidence of a polluted blood, and if allowed to remain may degenerate into Cancer. Efforts to heal the ulcer by means of salves, plasters and other external remedies always result in failure, because such treatment can have no possible effect on the blood, where the deadly germs and morbid matter form, and are carried through the circulation to the place. No sore or ulcer can exist without a predisposing internal cause, and the open, discharging ulcer or festering old sore will continue to eat deeper into the surrounding flesh as long as a polluted, germ-infected circulation discharges its impurities into it. S. S. S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood goes to the diseased place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy flesh are formed, and soon the sore is permanently cured. S. S. S. is made entirely of roots and herbs of a healing, cleansing nature, and unlike mineral medicines, which often do great damage to the delicate parts of the system, S. S. S. tones up every part of the body. Book on Sores and Ulcers and any medical advice desired free.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sagredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

WILSON'S
